Letter No nil dated 16th June 1949 from Sri S Annappa Sotty, President, Town Municipal Council, Chikmagalur, to the Deputy Commissioner, Chikmagalur District, Chikmagalur.

I wish to bring the following few lines to your kind consideration and acceptance

As you are aware I am the Municipal President of Chikmagalur Town Municipal Council elected by the Hon'ble Members of the Council.

Last year the Municipal Council unanimously passed a resolution for taking ~~some~~ severe steps to collect the Municipal Taxes. Accordingly I took action and issued several notices. Some of the Municipal Councillors were themselves defaulters to the extent of 3 to 4 years dues. As per rules and bylaws I had no other recourse in the interest of the Municipality and to the place I occupied to issue also special notices to the several Municipal Councillors. Further I wish to make it clear that even without my doing so and putting up the names of defaulters on the board they would have been dismembered automatically as per the bylaws. My issue of notices to some of my colleagues has set them against me.

In this connection I wish to make it clear that I have become the President of the Municipal Council by their hearty co-operation. Now I feel that being in this position I cannot serve both my colleagues and the safe guard the interest of the Municipal Council and its financial implications.

I assure that I have not issued the notices to any member in my individual capacity or taking into account my friends being Municipal Councillors. I have issued these special notices as per the above resolution of the Municipal Council. I feel that this act of mine has created displeasure in the minds of some of my colleagues and wellwishers and I feel that they may feel wounded at this action of mine which is, I assure you, is not with any motive or intention but with fair dealing both to my friends and the interest of the Municipality. I am also aware that without their sincere co-operation I would not have become the President and occupied this place. Now that I have incurred their displeasure and feel that they might have mistaken by intentions I do not wish to continue in that place, merely for the love of power. I am not anxious to have any power and "service is my motto". I feel that what ever I have so far done, I have done in the best interest and my conscience is clear and I can swear to that fact.

In these circumstances and with a view to give others to serve the public in a better manner, I wish to tender this my Resignation, for the Presidentship which I hope you will kindly accept in the interest of the welfare of the Municipality and its progress.
